# Our story

Launched in the swinging sixties, Raffles attracted the city's glitterati and became the place for London's movers and shakers. An era of music, Raffles captured the ethos perfectly and was the only location to disco until dawn, being the only club in London to have a 5am license.

# Our venue

Born in the 60's, our nightclubs heritage draws inspiration and pays homage from the awe-inspiring era. We aim to throw events just like they did, young, wild and carefree.

“If the walls could talk  
then Raffles would spill  
the secrets of the biggest  
celebrities from every  
decade since the sixties.”

An eye-catching gold and green colour scheme is complimented by deep wood tones and plenty of pink accents. Metallic holographic wallpaper and framed pictures of the most notorious icons give the space a recognisable finish. Guests can recline on emerald velvet banquettes and pink poufs at their marble club tables.

## Main Bar

Capacity 30

Our chic gold bar area with tables, tucked away into it's very own cosy corner provides the perfect area away from the dance-floor to enjoy an all important catch-up with friends.

## Jungle Room

Capacity 60

Hidden behind a secret door, our private room offers the perfect backdrop for an intimate gathering or a secluded escape from the rest of the club for a select few guests to continue the celebrations into the early hours of the morning.

As a charitable venue, Raffles is always looking to work with and support charities where possible.
